

Motion Sensor - Surface Mount

Battery Powered

MS-CS-C4ZB-BAT-W

Axxess
industries
ASSA ABLOY

OVERVIEW

The Axxess Motion Sensor Surface Mount - Battery Powered supports all motion-dependent functions, including lighting, security, occupancy detection, and energy management. Also available as insert mount.

The low-profile case is only 0.62" tall, resulting in an unobtrusive and clean-looking installation. Utilizing a simple mounting system, the Motion Sensor Surface Mount - Battery Powered installs in seconds and enables quick removal. The package includes both screw and adhesive mounting methods.

Optional: The Motion Sensor Surface Mount - Battery Powered can be combined with our Wireless Contact Switch to reliably determine the occupancy status of a room. This is vital information for a variety of systems, including energy management, helping our environment while improving your bottom line.
